Hi Sonya,

Thanks for sending this and the other fact sheet.

Just as a heads up, in the Libby meeting we just had with the smaller group we discussed the review of materials and the presentations. I will coordinate all comments from HQ but we need all final materials from Region 8 on **April 12th** (as we discussed yesterday). We will be setting up a bigger meeting to discuss on April 14th. Given the tight turnaround time we'd obviously love to see any drafts that you have before the 12th and you can continue to send those to me and Betsaida.

I'll look at this tox fact sheet shortly.

Thanks so much for your amazing efforts!

Dale

Subject: Draft Generic Tox Value Fact sheet for review

Here for your review is a draft of the general fact sheet on toxicity values and their role in the risk assessment process. Dale, I assume you will handle the review at HQ.
